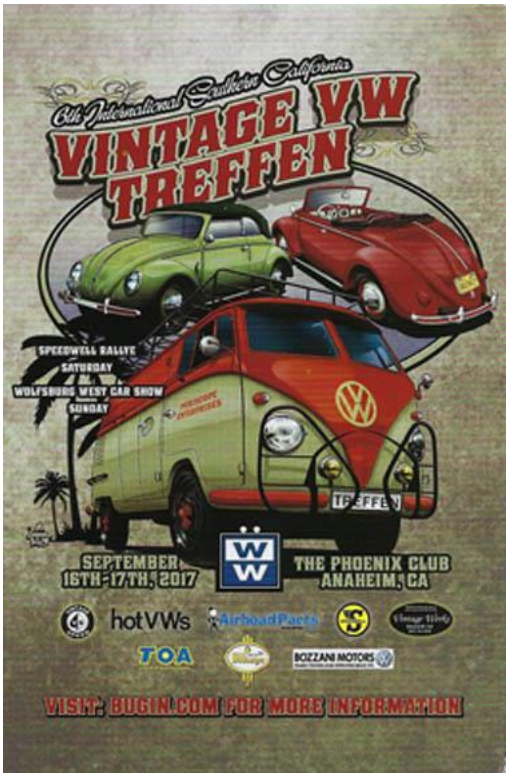
Sunday, 17 September 2017, 6th International So-Cal Vintage VW Treffen



It's at the Phoenix Club in Anaheim. It's a classic VW event, but only **old** classic VWs, generally 1961 and earlier. It also includes *Military* and *Coachbuilts* (custom bodies on VW chassis—sort of like the Gmünd Porsche 356 & 356/2) and **Porsche 356**s (pre-As) and **356A**s.

All-in-all, So-Cal Vintage VW Treffen has a feel a lot like the 356 Club's So Cal All-Porsche Swap and Car Display at the Phoenix Club.

See exactly what's eligible and register online at www.bugin.com/treffen.htm

Saturday, 16 September 2017, Speedwell Rallye

Leaving from Wolfsburg West at 8:00 AM, with an undetermined finish. It's open to any vintage[3] Porsche and Volkswagen.

20-24 September 2017, Treffen Asheville

The Appalachian Region will lead drives through the spectacular and challenging roads of the Blue Ridge Mountains on Thursday and Saturday. As always, members are free to explore these roads on their own and Porsche of Asheville has procured maps that show all the famous — and infamous — winding roads of Western Carolina. Also, scheduled for Friday is a pilgrimage to the renowned "Tail of the Dragon" — a very limited number of slots are available for this daylong drive.

For more information, go to treffen.pca.org and check the full page flyer on page 76. Registration opened 24 May 2017 at treffen.pca.org

[3] It's not clear whether this means any VW or Porsche which is a "vintage" VW or Porsche or a VW or Porsche of any vintage, i.e. year, such as a brand new car. Anything air-cooled should be good—ask if you're unsure.

In March of 2017, Jon Warshawsky sued the City of San Diego for improper design of the center median and failure to maintain it.

According to public documents obtained by the Reader, the median was the cause of at least one other accident prior to the collision and the subject of numerous complaints — one of which came from the San Diego Police Department — for poor visibility in months preceding the death of Walzer.

As part of our 60th Anniversary celebration for the San Diego Region, we will feature a timeline of Porsches covering each of the years of the region's history: 1957-2017, in a special display at our Concours. All models of Porsches are welcome. If you would like your Porsche to be in this display, now is the time to register at pcasdr.motorsportreg.com. No entry fee to display.

In that case that we have multiple cars to choose between for a particular year, cars will be selected based upon their uniqueness, collectability, rarity or other interesting characteristics. If your car is not selected, you are still encouraged to come display it in the Porsche Corral at the event. All cars are also encouraged to enter the Concours, of course! See pcasdr.motorsportreg.com and pages 78 & 79 for more information.

Let's work together to get all 60 vintages on display! Have an earlier vintage or 2018? We can display that too! All vintages welcome.

Porsches Need New Homes

All of a sudden it's easy to find a '65 or '66 Porsche 911!

1965 911 Sunroof Coupe Survivor

At www.porsport.com/1965_911_sunroof_coupe_survivor

Just found and rescued out of long storage in Florida, this is a true 1965 model year 911 built before the summer break. This great survivor was German delivered to a US Serviceman and brought back to the state of Florida where it has lived for 52 years. This 911 is absolutely rust free with no rust or rust repair ever. No collision damage or repairs. The body panels are all original and the car is largely original having been painted one time in the original color of Signal Red. The paint has failed and is falling off the car exposing clean silver metal. No rust! The 911 was rustproofed early on and the undercoat is intact throughout without any problem areas. This car has never been taken apart. Interior appears to be all original throughout with possibly the exception of the front seat inserts[5]. It has been stored indoors for years and will require a light restoration. The original engine runs and is complete with the Solex carburetor and air cleaner assembly. This time warp '65 has all of the unusual '65 only features throughout and has the extremely rare for the time optional sunroof. This is a great chance to acquire a true first year 911 that is totally complete with all of the early, unique '65 features intact that has not been restored or messed with by someone else. Restore it your way. It would be a very straightforward restoration that could be reduced to paint and mechanics. Please call Don Ahern at PORsport.com for price. The car's in Islip, NY (Long Island).

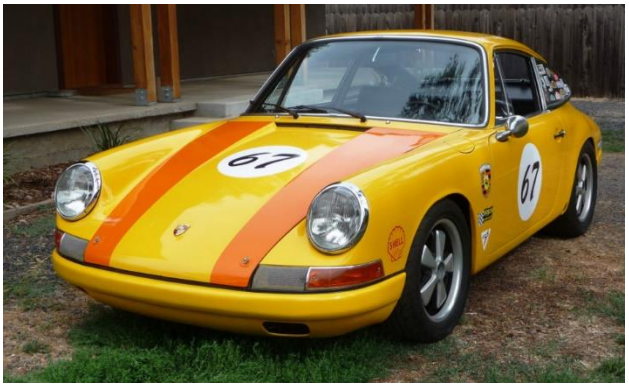
Phone: (631) 786-6511 (10:00 AM – 9:00 PM Eastern Time), E-Mail: dahearn67@gmail.com

Sunroofs were EXTREMELY RARE on '65 911s!

A thread at the Early 911S Registry, *How Many 1965 Sunroof Coupes Produced?* put the number of 1965 Porsche 911s with sunroofs at 42 but this car, chassis # 301708, may bring that to 43.

1967 Porsche 911S Coupe Sold for $89,167

Paul Abbot of Performance Oriented <www.PerformanceOriented.com>sold his 1967 Porsche 911S "1QuickS" on Bring-a-Trailer at noon Monday, 28 August 2017.



The twin-plug 2.25L flat-six was built by Ed Mayo[6] and features Venoila pistons, a knife-edged crank, modified Weber 40 IDS carburetors, and more. Performance Oriented modified the Weber 40 IDS carburetors to have 43mm bores and 35mm main venturis with float bowl baffle plates, 906 style tall auxiliary venturis, and remote float bowl venting. Tall intake manifolds are by PMO, and the included OEM air cleaner has been modified to be short enough in height to install and clear the rear lid. See bringatrailer.com/listing/1967-porsche-911s-coupe-2

[5] The front seat inserts are definitely NOT correct *Pepita Check* cloth. Otherwise, the interior looks correct but probably too good to be original.
[6] Ed Mayo is the PCA's Technical Committee member for long-hood 911s and 914s.

On May 5th the car received 223.9 points out of 225 possible at the Porsche Club of America Southern Arizona annual Concours. It has been sorted and has less than 500 miles. Oktoberfeste

Oktoberfest began as the celebration of Bavarian Crown Prince Ludwig's (later King Ludwig I[8]) marriage to Princess Therese of Saxe-Hildburghausen on October 17, 1810.[9] The Bavarians enjoyed the party, but decided that October was too cold, so they moved it to September. Oktoberfest seems to combine well with German cars (wenn Sie nicht zu viel trinken Bier).

There are lots of Oktoberfeste to choose from:

184th Oktoberfest in München, 16 September through 3 October 2017

Obviously, the one in Munich is the original. One might expect Mädchen im Dirndl, there's also Armbrustschützen und Scheibenschießen[10]. It all takes place at die Theresienwiese im Zentrum von München.

[8] Ludwig I was not "*Mad King Ludwig*"—that was his grandson, Ludwig II. Ludwig I was essentially overthrown in 1848 shortly after he attempted to tax beer.
[9] From wikipedia.org
[10] The first athlete disqualified from the Olympics for doping was a Swedish modern pentathlete who had "two beers" to "calm his nerves" before the pistol shooting portion at the 1968 Olympics.

2017 Pebble Beach Concours d'Elegance – Best in Class

From Road Scholars, Written by: Cam Ingram | Photography by: Brian Rozar, 24 August 2017:

Dear Road Scholars Subscribers,

We are excited to announce that last Sunday, the 1952 Porsche 356 Cabriolet that we restored for the Ingram Collection was awarded "Best in Class" honors at the Pebble Beach Concours d'Élégance. This is our second "Best in Class" victory at Pebble Beach in a non-Porsche class. If you recall, our first win was with the 1950 Porsche Gmünd 356 Coupe that we restored for Hans Peter Porsche back in 2011.

Along with the "Best in Class" win, the Cabriolet had a successful 70 mile drive on the Pebble Tour Thursday morning. The intent of this tour is to demonstrate that the car can perform as well as it did back in 1952 - straight from the Porsche factory. Participating in the tour helped to set us apart from other cars within our class who did not participate, as well as allowed us to gain an extra point - which is sometimes crucial in the event of a tie breaker.

As Road Scholars celebrates this win, we want to personally thank all of our subscribers and fellow Porsche enthusiasts for the tremendous support over the years. Please enjoy the gallery from our week in Pebble Beach. Thank you!

1979 Honda Civic Claims Worst of Show at 2017 Concours d'Lemons

From Automobile, by: Steven Cole Smith, August 22, 2017:

NOT the winning Civic -- Photography by: Steven Cole Smith

If we can agree that the best car shows are the free ones, then Concours d'Lemons California is so good that they almost ought to pay you to go.

This year's pointed counterpoint to Pebble Beach took place Saturday on the grounds of the Seaside City Hall, and honored the Muntz Jet and the Chevrolet Cosworth Vega, which was represented by eight examples of a really neat little car that should have worked.

But didn't. But should have.

Among such notable as the Edsel once seen on "The Donna Reed Show" (Google it, children) to a Ford Mustang station wagon with taillights from the J.C. Whitney catalog (which is not remotely a criticism), the overall winner of the uncoveted Worst of Show award was Randy Carlson of Aguanga, California, and his 1979 Honda Civic.

Monterey Car Week is like Comic Con and the Oscars but with Wheels

From ARS Technica, by Jonathan M. Gitlin - 8/24/2017, 5:45 AM

MONTEREY, Calif.—There are a few big tentpole events on the automotive world's calendar. First come the auto shows of New York and Geneva, when manufacturers whip the dust sheets off their latest wares. Next up are Indianapolis, Monte Carlo, and Le Mans, where races have been held for decades (for more than a century in the case of the former). That trio annually puts machines and the teams that run them through the wringer. But none of these iconic happenings is quite like Monterey Car Week.

Each year toward the end of August, this normally sleepy peninsula a hundred miles or so south of San Francisco plays host to a four-wheeled festival that might best be described as a cross between Comic Con and the Oscars, just for cars. The Comic Con comparison feels apt because, for the fan, there's just about everything you could hope to see. And the Oscars? Well, Monterey is where the megastars of the car world show up. I don't mean famous people—though there are plenty of those—but the A-list automobiles themselves. Cars that mere mortals like me just read about, vehicles distinguished by otherworldly valuations or legendary histories, are suddenly sharing the same sunlight as the rest of us.

Monterey Car Week's roots date back to 1950, when a Concours d'Élégance—a French way of saying a very fancy car show—was held on a driving range in Pebble Beach to coincide with a road race taking place nearby. After a couple of years, the event took over the 18th green of the Pebble Beach Golf Links, right at the water's edge (a spot it has kept ever since). The road race that inspired the Concours didn't last long, since, like most of the other races of the immediate post-war period, people realized that racing on (closed) public roads wasn't such a hot idea compared to purpose-built tracks with at least some concessions to safety. (Given how dangerous even that was in the late 1950s and 1960s, you have to wonder how anyone survived the early days!)

Hagerty Introduces DriveShare

Hagerty is launching (or relaunching) an Airbnb for classic cars. It allows people to make money by renting out their classic cars. Hagerty suggests it's great for gifts or weddings.

For Owners

Hagerty says:

You Are In Control

Owners have full control of each rental. Set the price, mileage, vehicle availability, and deposit. Review the renter's profile to see their rental history and rental certifications before you approve the rental.

Your Car Is Covered

Every vehicle rented through DriveShare includes a commercial auto policy that provides liability coverage for both bodily injury and property damage for the rental period (note that this doesn't specify *replacement value* it's not even obvious that *liability property damage* coverage would protect your car or just what it hits).

Qualified Renters

Owners can feel confident listing their cars knowing that each renter has gone through an extensive vetting process. DriveShare has strict eligibility requirements to make sure your car is in safe hands.

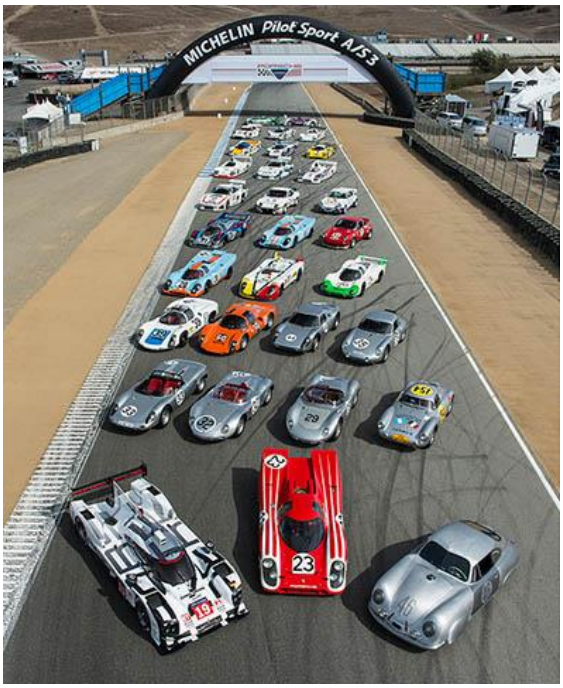
Porsche Announces Rennsport Reunion VI to be Held 27-30 September 2018

From press.porsche.com, 28 July 2017



The world's largest gathering of Porsche race cars and drivers to return to the Monterey Peninsula

Atlanta, Georgia. Porsche Cars North America (PCNA) and Mazda Raceway Laguna Seca today announced the next Porsche Rennsport Reunion will take place at the famed California racetrack in 2018. The upcoming Family Reunion has been expanded to four days and will be held September 27-30, 2018.

In what has become a tradition, Rennsport Reunion VI will bring together an extraordinary gathering of significant Porsche racecars, as well as those who have designed, engineered, and driven them to victory in the world's most famous sports car races. Hosted by PCNA, the four-day program of on-track competition will be complemented by a Concours d'Élégance, which is open to invited race participants.

After staging the first three events in the east, with the inaugural at Lime Rock Park in 2001, followed by two events at Daytona International Speedway in Daytona Beach, Florida in 2004 and 2007, Rennsport Reunion IV moved west in 2011, tapping into a vast array of west coast car aficionados and Porsche enthusiasts. Returning to a three-year interval, this incomparable event has turned into a world-wide happening.

"Choosing the Monterey Peninsula once again for our unique Porsche family reunion builds upon what we learned from previous Rennsport Reunions," said Klaus Zellmer, President and CEO of Porsche Cars North America. "We had close to 60,000 fans, enthusiasts and owners come through the gates of Mazda Raceway Laguna Seca to celebrate with us in 2015, and California's picturesque central coast provides an ideal backdrop. The Golden State as a whole has always been like a second home to Porsche."

"We are honored to have been selected once again as the host circuit for Porsche Rennsport Reunion," said Gill Campbell of Mazda Raceway Laguna Seca. "This prestigious event has created a tremendous impact on motorsports around the world in the past and we are eager to bring it back to life again in partnership with Porsche. It is truly the most rewarding event I have ever had the pleasure of being involved in."

During Porsche Rennsport Reunion V in 2015, over 1,300 Porsche Club of America (PCA) member-owned Porsche models helped fill the show fields, race classes, and parking lots of Mazda Raceway Laguna Seca

to overflow capacity. For the upcoming sixth rendition, the PCA will once again play an integral role in the festivities.

Additional details and ticket information will be published on the Porsche press website (www.press.porsche.com) and on Mazda Raceway Laguna Seca's website (www.mazdaraceway.com), as they become available.

- All auto-cross events are Rain or Shine events. No Trophies, just lots of driving and fun!

No special car preparation is needed except to take out all loose items in the car and trunk. In fact, we recommend you bring the car you drive on a daily basis. Doing so will give you a greater appreciation for your car's capabilities and improve your driving skills in the process. Our events are very social and we welcome anyone and all makes of cars, not just Porsche.
